WEDDING PHOTOGRAPHY

Hi, I'm Matt and firstly I want to say thank you for your interest and requesting more information about me and my prices.

I'm a super friendly, relaxed and fun photographer, all about telling the story of your big day through documentary photography, capturing true moments and memories.

I pride myself on helping my clients feel at ease, so always fun, no awkward poses. I'm very creative and up for having a bit of fun with couple shots and off camera flash to create some memorable art.
